Annual report**

Contents

- 1 Chairman's report/message
- 2 Report on technical meetings
- 3 Report on Technical Visit
- 4 Report on Inaugural Conference
- 5 Report on Annual Dinner
- 6 Report on Social Function

Tables

- A List of committee members
- B List of technical meetings
- C List of site visits
- D List of Social Events
- E List of Committee members

1 Chairman's Message

It is my honour and great pleasure to report that the Logistics & Transportation (LT) Division has been officially launched in Session 2014/2015. By now, we have over 300 members in our LT Division which is one of the fast growing divisions in HKIE. In the past year, we have successfully organised a number of seminars, site visits, and social events. Some of these events were jointly organised with other divisions of HKIE (e.g. Civil Division), and other institutions such as the Hong Kong Polytechnic Universities and Hong Kong Society for Transportation Studies etc. All of these events have been well received by our fellow engineers in the field. In particular, we have organised the Inaugural Conference cum Dinner on 6th March 2015. This is an inaugural event for our Logistics and Transportation Division. In the Conference with about 200 participants, we have heard from a number of excellent speakers, all experts in the fields, including our keynote speaker, Hon. Ir Frankie Chi-Ming Yick, Legislative Councilor, the Hong Kong SAR Government, to provide deepen insights on the contribution of Hong Kong logistics and transportation engineers in innovation and development for the industry and to discuss what challenges lie ahead and how our engineering profession may gear itself to meet these challenges. In the evening dinner, we were very pleased to have the President of HKIE, Ir Victor Cheung to present the Opening Address, and our Guest of Honour, Secretary for Transport and Housing, Prof. Anthony Cheung, who have shared their vision and views in our engineering profession and local industry.

I would like to take this opportunity to extend my gratitude to the committee members of the Logistics and Transportation Division and give thanks to those who have contributed so much to make all these events such a success. I cordially invite you to join our Division and make your contribution to logistics and transportation engineering professional development in Hong Kong and in the region. Look forward to your support and participation in the Session 2015/16.

Ir Professor William LAM Hing Keung
Chairman, Session 2014/2015
Logistics and Transportation Division

2 Report on Technical Meetings

There were a total of 15 technical meetings/seminars organised, all being related to Logistics and Transportation engineering. Some of them were joint activities with other HKIE Divisions and Universities. Details are listed in Table A.

4 Report on Inaugural Conference

We had our Inaugural Conference cum Annual Dinner on 6 Mar 2015. The half day conference included topics on the latest development in sustainable transportation, civil aviation, town planning, multi-modal logistics, cold chain logistics and air cargo terminal development. The Conference was opened by the speech of Hon Ir Frankie YICK Chi-Ming, followed by Ir John CHAI Executive Director AA, Ir Dr Jacob KAM Operations Director MTRC and Mr LING Ka Kan JP Director of Planning who talked about Transportation topic. Then Ir Dr Kelvin LEUNG CEO Asia Pacific of DHL Global Forwarding, Johnson Kwong DCH Logistics and Kelvin KO CEO of Cathay Pacific Service Limited delivered speeches on Logistics topics. The conference were attended by over 150 delegates.

5 Report on Annual Dinner

At the Annual Dinner in the same evening of the conference, there were 12 tables of sponsors and members in Eaton Hotel. The President of HKIE, Ir Victor CHEUNG presented the Opening Address, and our Guest of Honour, Secretary for Transport and Housing, Prof Anthony CHEUNG Bing Leung JP, shared their vision and views in our engineering profession and logistics industry. He stressed the importance of Hong Kong to partake in our country's new "One Belt One Road" mega-initiative to capture the growing market in the next two decades and beyond including but not limited to the Hong Kong-Zhuhai-Macao Bridge, Three Runway System, Hong Kong Port, Lantau Development and Tung Chung as well as the Domestic Transportation System and Northwest New Territories. The event was well attended by over 150 members and guests. The dinner was enchanted by the saxophone performance of The Hon Ir LO Wai Kok.

6 Report on Social Function

There were a total of 2 social functions carried out. On 15 Nov 2014, 11 participants walked in Lamma Island from Yung Shue Wan to So Kwu Wan. During the two hours journey, participants enjoyed very much shopping, traditional snacks and followed by a rewarding seafood lunch.

Hiking team at Lamma Island

There was also a wine tasting session on 14 Mar 2015. 16 members joined the session conducted by Mr. Thomas Tam (wine columnist, WSET advanced certified, WSET Educator and Judge Member of Hong Kong Wine Judge Association). At the end of session, all participants are able to appreciate the wines professionally with jargons like balanced and complex without getting drunk.
